Be on time

To assist the golf committee please be at the course at least 15 minutes prior to the designated starting time, and ensure you are on the tee at your nominated tee-off time.

New Members – Eligibility for competitions

New members are eligible to win their first official event they enter once they have received their official Golf Australia Handicap. Handicaps will be allocated upon acceptance of a nomination by the general committee and after submitting at least 3 cards from official club fixtures.

MARKING SCORE CARDS – COLLIER STROKE COMPETITIONS

From 2017, Stroke competitions at Collier Park also require recording of putts which count toward the revised Golden Putter competition format. This is in addition to recording Stableford points required by the Handicapper. To facilitate clear and standardised recording of Stroke scores, Stableford points and putts, the following process is required for marking of score cards:

- Record the hole-by-hole Stroke score and Stableford points in the form  (i.e. 4 strokes for 3 Stableford points in the one box) against "Player 1"; "Marker 3"
- Record number of putts against "Player 2"; "Marker 4"
- Record the total Stableford score and Total Putts in the top right corner – circled and labelled
- Record gross, handicap and net results in the top right corner to assist with count backs
- Player (not Marker) scores to be considered for the Eclectic should be circled
- It is the player's responsibility to ensure his **card is correctly marked and signed by both himself and his marker before handing them to the Club Official**. Failure to do so **will mean disqualification**. **Failure to hand in a card** before the start of official end-of-game announcements **will also incur disqualification**. If you have any queries regarding course rules, or should you require a ruling, please do so prior to signing and handing in your card.

GOLF ETIQUETTE

To maximize the flow and enjoyment of the game, the following points of etiquette should be followed:

- Play without delay, avoid wasting time, and keep up with the group ahead. See *“Pace of play” below*.
- The group ahead should be out of range before any play commences from any point on the course. If you are a golfer in a hurry, please take note!
- No one should move, talk, or stand close to or directly behind the ball or the hole when the player is addressing the ball or making a stroke. Shadows should also be kept off the line of the ball.
- At all times be neatly dressed with correct footwear. See *“Dress requirements” below*.
- Don't forget - take good care of the course. See *“Care of the course” below*.

PACE OF PLAY

The biggest bug-bear in our competition is slow play. By putting the following points into practice, you can make a big step forward in overcoming this problem.

On the Tee

- Play ready golf
- Play a provisional ball if you think your ball may be lost outside a hazard, in thick bush or be out of bounds

On the Fairway

- WALK BRISKLY between shots – it's better exercise! When walking to your next shot, mentally prepare for it and narrow down club selection. If having a practice swing, do so by all means, but please not 10!
- Move directly to your ball rather than moving from ball-to-ball as a group
- Play your ball before moving to help others find their ball
- KEEP IN TOUCH with the group playing in front of you - never mind that the group behind has lost ground. The lowest handicapper in the group is responsible for the proper conduct of the group.
- IF LOOKING for a lost ball, **only 3 minutes** is allowed. If the following group is on the tee, immediately call them up. If the ball is found while the following group is still teeing off, allow them to finish tee off and continue while the next group is coming forward.

On the Green

- ON ARRIVAL at the putting green, position your buggy on the way to the next tee, NOT in front of the green.
- Pick up your ball if unable to score in Stableford or if over par in Par competitions
- On the putting green, putt out whenever possible. LEAVE GREENS immediately play of hole has finished.
- Line up your putt while waiting as others play their putt
- Score cards should be completed on the next tee. If the player with the honour can hit off, he should do so before marking his card.

The golf committee urges you to take note of these points as they will help make everybody's golf more enjoyable. Check your performance with your fellow competitors and genuinely try to improve the flow of the game.

CARE OF THE COURSE

- All divots on fairways should be repaired.
- Pug marks on the putting surface **MUST** be repaired.
- Please avoid taking divots on practice swings, particularly on tees.
- Rake all bunkers carefully and evenly after playing from them, leaving the lie you would like for yourself. Leave rakes properly positioned inside the edge of the bunker.
